GLOWEE

Overview for salons

Book • Gift • Earn

What is Glowee?

A booking app for salons and home-service beauty providers, starting in Al Ain. Customers book and pay in the app, and salons run everything from one dashboard.

Book

Salons and home services in one place. Customers book in a minute and pay in the app.

Gift

Service gifts with a personal message and a theme the sender picks, delivered instantly.

Earn

Stamps and rewards that bring customers back to you.

Where we are

Glowee is currently in a trial stage. The app is available on the App Store, and we are opening registration to the first salons in Al Ain. Your feedback helps us shape it with you.

Glowee

Overview for salons

What salons get

All bookings in one place

Follow and manage bookings from the dashboard.

Branches and home service

Add your branches, or work as a home-service provider with no branch.

Your services and hours

Set your services, categories and availability, and block the times that do not suit you.

Gifts for customers

Your customers can gift your services to people they care about.

Your offers, your call

Double stamps or a discount, switched on when you decide.

Reviews and insights

See customer reviews and performance numbers for your salon.

How it starts

1. Register your salon on a short page
2. We set up your salon page in the app
3. You start receiving bookings through Glowee

The trial period

Trying Glowee is free during the trial period. After that, we ask what suits your salon best: a subscription or a percentage? We do not lock you into one model; we agree it with each salon.
